CI-300 – Technical Information

CI-300

The CI-300 cash recycling system consists of a banknote recycler (CI-300B) and a coin recycler (CI-100C), offering improved security and reduced cash handling time in retail applications; during day-open, shift change and day-close operations. CI-300 offers the cashier a quick and easy solution for handling cash in the back office of a retail environment, allowing managers more time to focus on their core business.
